

**Big White Ski Resort, British Columbia
December 7 & 8, 2019**

SUPPLEMENTARY REGULATIONS

1. Introduction

1.1 Jurisdiction

West Coast Rally Association (WCRA) will host three performance rallies on **Saturday, December 7** and **Sunday, December 8, 2019**. The events will be known as **The Big White Winter Rally National, Big White Winter Rally Regional One** and **Big White Winter Rally Regional Two**.

The events will be held under the Rally General Competition Rules and National Rally regulations of the Canadian Association of Rallysport (CARS), including all bulletins issued. Where applicable, the regional portions of the event will be held under the Western Canada Rally Championship Series Regulations.

These publications are available from the RPM Region Director, Geoff Hill by emailing geoff@rallybc.com. They will be available for scrutiny at the start of the event at registration. They are also available for download at www.CARSRally.ca and www.rallybc.com.

1.2 Road surface

The event is a winter performance rally consisting of special stages and transits. Stage road surfaces include ice, snow, or gravel, or a combination thereof. The rally runs in an area with variations in altitude ranging from approximately 863 m to 1635 m above sea level. The event will include night stages.

1.3 Event Length

National: The total length of the event will be approximately 286 km with 196 competitive stage km (68.5%) and 90 km transit (31.5%) over 12 special stages. The rally will be held in four legs: Leg 1 (Stages 1 - 3) Saturday afternoon, Leg 2 (Stages 4 - 6) Saturday afternoon, Leg 3 (Stages 7-10) Sunday morning and Leg 4 (Stages 11 and 12) Sunday afternoon.

Regional 1: 146 total, 70 transit (48%), 76 km stage (52%), over 6 stages

Regional 2: 140 total, 20 transit (14.3%), 120 km stage (85.7%), over 6 stages

	Transit	Stage
RZ0 to RZ1	41.7	36.76
RZ1 to RZ2	28.35	39.81
RZ2 to RZ3	6.58	40.01
RZ3 to Finish	9.87	40.01

2. Organisation

2.1 Championships

The events are sanctioned by the Canadian Association of Rallysport (CARS) and insured through ASN Canada FIA and are part of the following championships:

- North American Rally Cup (National Portion)
- Canadian Rally Championship (National Portion)
- Western Canadian Rally Championship (Regional 2)

- \$15.00 per car Rally Pacific Motorsports Levy

4.7 Payment details

Payment may be made through the following methods, in order of preference:

Interac e-Mail transfer to fawn@rallybc.com
 Password: BWWR

Please note that Interac eMail transfer is our preferred method of payment.

Please provide banquet numbers you need for your team with registration so we can ensure accurate banquet numbers in advance for 2019.

Credit Card payments can be arranged through Fawn at fawn@rallybc.com.

4.8 Refunds

Full refunds will be issued up to 48h before the opening of registration at 19:00 on Thursday December 5. Refunds will be governed as detailed in CARS 2016 GCR 4.10. Entrants who are excluded from the event or whose cars do not pass technical inspection are not eligible for refunds. **Refunds will be issued in Canadian Dollars.**

4.9 US Competitors

Residents of the USA who do not hold a CARS license may compete with an American Rally Association, Rally America, or NASA license, subject to the note below.

ARA, Rally America, and NASA licensed competitors must register with CARS and complete the CARS event entry permit form available on the CARS web site: www.carsrally.ca. The form and fee of \$75 CDN should be sent to CARS, but may be relayed to CARS through the event registrar if necessary.

If you are paying for your permit at the event, print out the form and bring it completed to registration with payment.

NO RALLY LICENSES WILL BE ISSUED AT THE EVENT.

4.10 Medical Coverage

Competitors from other countries and provinces are encouraged to confirm that they have personal medical insurance coverage for themselves and their crew before entering British Columbia.

5. Insurance

The event carries \$5 Million general liability coverage as well as Participant injury insurance as provided through ASN Canada FIA. A summary of the coverage can be found at: <http://www.asncanada.com>.

6. Advertising and Identification

6.1 Competitors are required to make space on all competing vehicles as outlined in NRR 12.4.1.8 to 12.4.1.10, which will be used by the sanctioning body.

6.2 The event may provide two 25cm high and approximately 10cm wide panels and requests that all competitors place this on both sides of the vehicle, immediately ahead of and in line with the CARS reserved space.

6.3 Competition and Recce numbers will be supplied in the registration packages. The Recce numbers **MUST** be installed on the upper right side of the windshield and must be kept clean at all times during recce.

6.4 Identification package elements from other sanctioning bodies must be covered or removed.

7. Tires

Studded tires, meeting CARS NRR 12.4.3 are permitted for all classes in the national and the two regional portions of the Big White Rally.

8. Fuel

Fuelling of cars must be done in the designated fuel zone in the service park at all times during the event.

9. Reconnaissance

9.1 Two pass Reconnaissance will be available for all. Recce is not mandatory, but highly encouraged, as the provided stage instructions are rudimentary. Crews may encounter traffic in both directions, and care/consideration **MUST** be taken by all competitors. Depending on road conditions and logging activity, some of the stages **may** be recce'd by convoy.

9.2 Recce is prohibited outside the designated times provided in the recce instructions. The maximum speed for recce on the stages is 60km/h or the posted legal limit, whichever is the lower speed.

9.3 The use of stage rally prepared cars on recce is permitted, although **all** recce penalties are doubled where a rally prepared car is involved.

9.4 Recce cards will be submitted in exchange for timecards at the driver's meeting on Saturday.

9.5 Please also Refer to CARS NRR 13.6

9.6 Teams interested in doing recce only MUST register for the event and pay the recce only fee. This fee covers the cost of materials supplied for recce. Recce only teams will be required to follow the recce schedule and are subject to all fines and penalties as listed above.

10. Registration and Administrative Checks

10.1 Timetable

Event registration will be at the Blarney Stone (Inn at Big White). The office will be open for registration of competitors, service crew and officials as outlined in the event schedule.

Entrants will be supplied with all route and recce information at Registration. These documents will provide all the information necessary to traverse the course both through recce and the event.

The competitor's time card will be issued at the introduction of officials on Saturday.

10.2 Documents

Competitors **may** be required to present the following documents at the request of the registrar.

- Driver and Co-driver competition licenses
- Driver valid driving license
- Rally and Recce Car insurance certificate
- Completed Self Declaration Form
- Rally and Recce Car registration papers

10.3 Personal Equipment

Competitors are encouraged to bring their driving suits, helmets and HANS devices to registration for advance inspection.

11. Scrutineering (Technical Inspection)

11.1 Scrutineering will take place at the Inn at Big White Parking Garage P1, Friday December 6 from 18:00 to 21:00.

11.2 Teams will be inspected by appointment. Teams can select an appointment time with online registration before the event, or at registration. Times will be allocated on a first come, first served basis.

11.3 All studded tires being used at the event must be presented at technical inspection and marked as approved. (Details TBC)

11.4 You will be required to present the vehicle's log book, with event and entrant information filled out. Note: Your logbook will be held by the stewards until the end of the event. You will need to hand in your competitor evaluation form and RallySafe return receipt in order to get your logbook back.

11.5 Please review CARS NRR 21.6 for complete rules regarding Technical Inspection.

12. Other procedures

12.1 Official Start

The official start of the event will be at the exit from Service.

12.2 Finish procedure

Once a team has checked in at the last control of the event, they are to park in the post event parc fermé and immediately leave the area. See CARS Rule 16.8. Vehicles that are potentially on the National or Regional podium may be held in a separate Parc Fermé or staging area.

12.3 Timing

Stage Finish timing will be done to the previous 1/10 of a second using photo-cell beam and electronic clocks.

12.4 Official time used during the rally

The event will run on Pacific Standard Time (PST), and the official time will be on display at registration.

12.5 Regroup and Reseed exiting Service

There will be reseed or regroup controls at the exit of every service. Competitors will be expected to check out of service on their correct time as normal. Teams will be assigned their time out of the regroup/reseed control, but are asked to proceed to fuelling and then to a holding area beyond the fuelling zone and wait out the rest of the regroup time before starting the transit. There will NOT be a staffed time control, leaving the regroup. There will be no penalties for leaving the regroup early, but leaving on your assigned minute ensures you will arrive at the next stage in new start-order. Arrival at the next control will be calculated from the provided out time of the regroup/reseed control.

12.6 Re-Start Controls

Teams wishing to re-start the event will be able to do so at the start of each leg. Restarting teams will be required to present themselves for re-inspection at least 15 minutes before the first car leaves the start of the leg, or as directed by the chief scrutineer.

13. Shakedown

13.1 Schedule

There will be a Shakedown stage held from 09:30 to 11:30 on Saturday, December 7. The stage road will be approximately the last 4km of the 'Bullet West' stage used in previous years, starting at our 'alternate start.' Cars will be released at one minute intervals.

13.2 Shakedown will be \$100/car if paid before the early entry deadline, \$125/car if after.

13.3 Distances

The start of the stage is approximately 12 km from the service park. The transit from the finish back to the start is approximately 11km, for an 15 km loop. A single pass of the shakedown would be 4 km of stage and 30 km of Transit. Each additional pass of the shakedown would add 4km of stage and 11km of Transit.

13.4 Eligibility

Only vehicles registered for the event may enter shakedown. Drivers during shakedown must be CARS Licensed Drivers. Co-Drivers/passengers must have signed the event liability waiver and must have properly fitted safety equipment (Belts, head and neck restraint, helmet.)

13.5 Safety Equipment

Drivers must use all CARS mandated personal safety equipment for a stage rally during Shakedown. Both driver and Co-driver/Passenger should be familiar with Triangle/OK/Red Cross procedures. Drivers are expected to give inexperienced passengers a safety briefing that includes location of triangles before arriving at the shakedown stage.

13.6 RallySafe

The event may operate RallySafe in Manual mode for the Shakedown stage. This will require crews to manually indicate a stage start and finish. (To be confirmed)

14. Service and Fuel

**** There is an increased chance that the Gem Lake chairlift will be operational during the rally weekend this year. If this is the case we will be sharing the Warming Hut and parking lot with resort guests. If the lifts are running we can occupy 1/2 the resort lot for our service area. There will be no overflow traffic or parking on the other 1/2. Please park all vehicles in your service area and leave the other 1/2 of the lot for guests. Please share the Gem Lake space and be respectful to the skiers and snowboarders.*

14.1 The Service Park will be located at the Gem Lake Parking Lot for the entire event. All service while at the Big White Resort must be done within the service park. The Westridge Warming Hut Rally HQ is located in this lot. All fuelling during the weekend is to take place in the designated fuel area with a fire extinguisher on hand.

14.2 Competitors will be assigned specific service areas in advance. A map of the service area will be available once teams have registered and crews are asked to request their first three choices of location. These will be assigned upon receipt of a paid entry fee on a first come, first serve basis.

14.3 Please drop off your service trailers and all large vehicles at the Gem Lake service area immediately upon arrival at the resort. Please do not bring large tow rigs into Happy Valley Parking Lot or the resort village. Teams may service overnight. Service vehicles may be packed up and stored in the service lot until teams leave the resort.

14.4 Competitors are to provide specific details to the registrar regarding the size of service vehicles and service space requirements. The standard service spot is 18'x38'(684 sq.ft). Teams may put whatever they can fit into the service spot. Teams crewing for multiple cars can use the combined service space as they see fit. Teams expecting to exceed the 18'x38'(684 sq ft) standard service spot footprint can request additional service space at a cost of \$50 for each 115 sq ft block or portion if booked before November 26, \$75 if booked after.

14.5 Competitors should ensure that any tents or other structures are secured and prepared for possible windy conditions or heavy snowfall.

14.6 To protect the environment, competing vehicles are required to service on tarps or a non-porous ground sheet. (Note, normal tarps can be extremely slippery on snow covered surfaces)

14.7 Tarps as well as absorbent pads will be placed by the organizers in the fuelling zones to avoid any gasoline spillage onto the ground.

14.8 Competitors are required to carry absorbent materials sufficient to soak up any fuel or liquid spill during service.

14.9 All belongings and refuse shall be removed from the Service Park upon departure.

14.10 Competitors are responsible for sourcing their own fuel for competition, recce, and support vehicles. THERE IS NO FUEL AVAILABLE AT THE RESORT. Please come prepared.

The nearest available fuel is 50 km west on Highway 33.
Esso Station: 1799 Hwy 33 E, Kelowna, BC V1P 1K5

- 14.11 Teams are advised there will not be any allowance for fuelling between the official start and the end of the first service. You should have enough fuel in the car for the first section of the rally including Parc Exposé.
- 14.12 Private plow services have been hired for any snowfall during the event. Service laneways may be plowed overnight. Teams should park extra vehicles wisely and bring shovels to remove any ridges created from plowing of the service area.
- 14.13 Big White Security will be making regular rounds of the service park overnight during the event. It is recommended that teams take appropriate measures to secure their property.

15. US Vehicle Eligibility

Under CARS rules, vehicles registered in any of the United States of America and competing on American Rally Association, Rally America, or National Auto Sport Association rally licenses (plus CARS entry permit) shall be acceptable provided that they meet the requirements of the current American Rally Association, RA or NASA Rally Rules. Entrants whose cars are entered under this provision must be able to produce, upon request by the officials of the event, a current copy of the respective rules. Failure to produce these may result in the vehicle being judged according to CARS rules. Vehicle competition specifications and classes will be as per CARS regulations.

16. Judge of Fact and Driving Standards

- 16.1 Judges of Fact as per GCR 6.3.1 will be able to report on facts to be judged as outlined in GCR 6.3.2 and as detailed in the driving standards listed below in 16.2 to 16.7.
- 16.2 Virtual chicanes are not being used during the event.
- 16.3 Competitors and their Service Crew are required to drive in a courteous and respectful manner throughout the event. Any notified offence which involves speeding, reckless driving or failing to observe road signs, will be dealt with as outlined in NRR 17.7. Driving that is perceived by the resort to be aggressive or disrespectful will threaten the future of this rally.
- 16.4 If a Service Crew is servicing for more than one competitor, and notification is provided of an offence as outlined above (NRR 17.7), **each** competitor will be penalized.
- 16.5 Any cases reported to the organisers by the Police for speeding, reckless driving or failing to observe road signs, will be dealt with as outlined in NRR 17.7.
- 16.6 The event will have radar, manned by event officials, RCMP, or both.
- 16.7 Any “stunting” will be viewed by the organizers as a serious violation, which will be referred to the stewards for further action as per NRR 17.7. In addition, the stewards may be asked to assess fines to cover the costs of any repair to property damaged by the behaviour.

17. Prizes

17.1 The following awards will be presented at the Awards Ceremony for the Canadian Rally Championship

18. Accommodations

Big White Ski Resort has a wide range of accommodations available for teams coming to the rally. Accommodations with the event group rate can be made through Central Reservations. The Rates offered are \$121.10 per night at the Inn at Big White, and 25% off all other accommodation.

More information on accommodations can be found here:

<http://www.bigwhite.com/plan-your-trip/special-offers/bw-rally>

Detailed information about buildings and units are available:

<http://www.bigwhite.com/plan-your-trip/accommodation/>

Central Reservations Contact Information
1-800-663-2772 or 250-765-8888
cenres@bigwhite.com

Accommodations can also be arranged on the mountain through various private rental companies.

Please confirm cancellation policies with the resort at the time of booking.

19. Parking

In general, parking is limited to one vehicle per reservation at the resort units. Free parking for additional vehicles is available by requesting Happy Valley parking passes from central reservations when you check in, with all overflow parking at Happy Valley. Cars without these passes may be subject to penalty. These passes are only available with reservations booked through Big White Central Reservations (including all units booked under the published rally rate).

Heated indoor rally car parking is available at the Inn at Big White for guests staying at the Inn at Big White only.

Please only park large trailers at the Gem Lake Service Area. **DO NOT park your large trailers, trucks and service rigs along the laneways or roadways of the resort village.** The Gem Lake service area will be open to drop them off. There is no additional large vehicle parking in Happy Valley. If the Gem Lake lifts are open we are restricted to parking in our service area only. Please park all cars on your service spot and not in the overflow, which will be needed for skiers and snowboarders.

20. Local Factors

The Big White Winter Rally takes place in a snowy mountain range. Supplies including fuel and groceries are limited at the resort. Teams are advised to prepare in advance to avoid unplanned trips to Kelowna.

Temperatures have dropped below -25C/-13F in the past during the rally weekend. Service crews and competitors should be prepared for winter conditions both in service and on stage.

21. Social Media

21.1 Guidelines

- Do post what you want about your own team
- Do post good things about other teams that you KNOW to be true
- Do post the sorts of stories you'd like to read if you were not at the event
- Do NOT post rumour or conjecture about any aspect of the event
- Do NOT post pictures of accidents or damaged cars other than your own

21.2 Hashtags

#BWWR is the event hashtag

#Letitsnow is also commonly used at Big White

#CRCRally is the Canadian Rally Championship hashtag

21.3 Live Streaming

Please do not live stream live stage action. We do not want a situation where an incident is broadcast live during the event as it may cause panic and/or distress.

21.4 Team Profiles

Please email mysong9383@gmail.com information about your team for promotional use. A team profile document is available for download on the event notice board:

<https://bigwhiterally.com/competitors/2019-virtual-notice-board/>

22. RallySafe Vehicle Tracking

The Big White Winter Rally will be using RallySafe vehicle tracking to help us work towards the highest competitor safety standards possible. **Teams are required to arrive with full time 12v power (max 5amp fuse) to the location of the unit and be prepared to connect it directly to the power lead for the RallySafe unit.** It is strongly recommended to use a crimp connector. The power leads for the RallySafe unit are 22ga wire. Full installation instructions are available on the virtual notice board.

23. Post Rally Celebrations

The awards banquet will be a non private casual afternoon event at Happy Valley Day Lodge. A light meal will be served. The last gondola up to the village will be at 2300h, subject to change based on resort operations.
