

Competitor Bulletin 1

Monday, December 2, 2019

1-1 Entry List and Provisional Start Order

The entry list and provisional Start Order is attached to this bulletin.

Questions or concerns over road position should be addressed to Keith Morison at clerk@bigwhiterally.com and include all supporting documentation to support a change in your road position.

1-2 Stage Schedule

The Stage Schedule for the 2019 event is attached. The route is slightly different from last year.

Black Forest East has the flying finish moved about 590m further down the stage, to where the stop control was last year. The stop control is now about 270m past the flying finish

Gem-Falcon is about 5 km shorter at the end of the stage, with the flying finish at 27.51 km about 120 m before a major road to the left.

Falcon-Gem is about 5 km shorter on the beginning of the stage, with the start control being at a junction that would have been a "Keep Right into left" followed by a "straight ahead past road on right, through dip."

1-3 Route Book Corrections

Page 37, inst. 35 and Page 47, inst. 35 Information should read "Stop Control"

1-4 Recce Instructions

The recce instructions and schedule are attached to this bulletin.

1-5 Route Book

The Route Book can be downloaded from here:

<https://bigwhiterally.com/wp-content/uploads/2019/12/2019BWWR-Route-Book-Final-sm.pdf>

1-6 Personal Safety Equipment at Registration

We are asking teams to bring their personal safety gear with them to registration so we can eliminate that part of tech inspection, making Friday's inspection easier.

1-7 RallySafe

Big White Winter Rally will be using RallySafe for official timing as well as for tracking. This means the start will be counted down on your RallySafe unit and there will not be lights on the start line as in previous years. Also remember that if you haven't had power run before, you will need to have full time 12v power run to the location of the RallySafe unit when you arrive at the event.

Please take the time to watch the following training videos.

- [Using the RallySafe Unit](#)

- [Temporary Fitting Kit Installation](#)

Recce Instructions

Two Way Recce Traffic

Teams should expect to see oncoming traffic on all stages. This will be a combination of local users, industrial users, and event volunteers and officials. The industrial users have been extremely cooperative with the event, even giving their crews an unplanned day off on Sunday so we can rally, please extend all traffic the greatest of courtesy when you come across them.

Overplow

There are sections of the road, particularly on Black Forest, where the plowed line extends beyond the natural road surface, resulting in soft snow where you might expect solid road. These areas are restricted to the extreme edges of the road.

Writing notes for night

When writing notes for Black Forest West, consider that the stage will be run in the dark, and that may result in small crests leaving much of the road ahead un-lit by your driving lights.

Directions

- Recce starts with Black Forest West. Start from the service park on Page 54 of the routebook and follow the routebook to the end of Black Forest West 2. Exit the stage road and turn-around and wait at the junction until the next stage opens.
- The Y junction at the end of Black Forest West 2 (page 73, instruction 3) is the same location as instruction 16, on page 31, of the route book but coming from the other direction. Follow the routebook from this point through both passes of Black Forest East, and back to service.
- The final stages for recce are the Gem-Falcon / Falcon-Gem turnaround. Follow your routebook from Page 77 through both passes of the stage. You don't need to return to service after the first pass of Falcon-Gem (page 96) and can turn-around re-enter the stage for your second pass. Be cautious of oncoming recce traffic.

Keith Morison

Clerk of the Course - 2019 Big White Winter Rally
